For many years Riverina Stockfeeds has been supplying Quality animal feeds and Protein Meals to Causeway Produce.

The protein meals are sourced by Riverina from suppliers who only provide chemically free products. These protein meals are used by Causeway Produce to manufacture Dry Licks in a such a way as to comply with the "Australian Code of Good Manufacturing Practice for the Feed Milling Industry" .

In addition to Protein Meals Riverina also provide manufactured stock feeds specially formulated for the tropical environment of North Queensland.

All formulations manufactured by Riverina are strictly controlled by our dedicated and experienced team of Nutritionists.

As a certified HACCP, GMP and ISO 9001:2000 manufacturer, Riverina is proud of the association with Causeway Produces quality products and services.
